(Continued From Friday's Herald)

Section 8.—Roads over the following routes are hereby adopted and designated as forest roads, to wit:

1.—A road from Medford in Jackson county as surveyed and adopted by the federal government in co-operation with the state of Oregon, by way of Crater Lake, to a point in Klamath county to be selected by the said highway commission and the federal officials representing the federal government, operating under what is known as the "Shackelford bill."

2.—A road from a point in Lane county to be selected by the state highway commission and the federal officials representing the federal government, operating under what is known as the "Shackelford bill," by way of the Siuslaw River, to a point in Coos county to be selected by said highway commission.

3.—A road from Eugene connecting Willamette Valley with Eastern Oregon by way of the McKenzie River to Bend.

4.—A road connecting the post road from the Columbia River highway up the John Day Valley with the post road between The Dalles and Bend.

5.—A road from Albany, via Lebanon, Cascade and Fish Lake, to Bend.

No preference shall be given in the construction, improving or paving any of the roads described herein by reason of the numerical designation of such roads.

The funds with which to pay the portion of the expense of the construction of said post roads and forest roads payable by the state of Oregon, shall be secured from the sale of bonds as is provided in house bill No. 31, passed by the present legislative session, which bill is entitled "A Bill for an act to accept the benefits of the Act passed by the Sixty-fourth Congress of the United States, entitled 'An Act to provide that the United States shall aid the states in the construction of rural post roads, and for other purposes, and to provide

for the issuance of bonds of the state of Oregon to raise such money as may be required to meet the requirements of said federal statute, and to authorize the state board of control to take such action and perform such duties as may be necessary to meet the requirements of said federal act and federal officials acting under said act." Of the funds made available by said act for post roads, at least sixty per cent shall be expended on the above mentioned post roads, in the counties east of the Cascade Mountains.

Provided, however, that the above provision shall not be construed to impair the assets of the state to the federal aid as hereinbefore specified, and to limit the necessary co-operation between this state and the federal government in the construction of forest and post roads.

No description of any highway provided for herein shall be construed to prevent the state highway commissioner from making such local changes in the location thereof as they may deem proper.

Section 9.—The state highway commission is also authorized to adopt such other roads or routes connecting portions of the state and to provide for the construction of post roads or forest roads over such routes and the improvement and maintenance thereof, and to pay for the same from the fund created by house bill No. 31, referred to by title in Section 8 hereof.

Section 10.—The state highway commission is hereby authorized, empowered and directed whenever the county through which any portion of said hard surfaced roads may be located, shall have constructed all or any section of any such hard surfaced road in accordance with plans and specifications prepared by the state highway commission along routes prescribed by said commission, and shall have provided for suitable drainage of said roads in accordance with the requirements of said commission and shall have prepared the foundation in accordance with the requirements of said commission, or otherwise provide according to law for the completion of said hard surfaced roads by causing said roads to be finished and hard surfaced according to plans and specifications prepared by said commission, and the funds required therefor shall be derived from the sale of said bonds, provided for in section 3 hereof.

Section 11.—The state highway commission shall pay the interest upon said bonds as the same shall become due, from any funds subject to its control, from whatever source the same may come, and the payments upon the principal of said bonds, as same shall become due, shall be paid by the said highway commission from any funds within its control, without regard to the origin of said funds.

Section 12.—Any surplus or unexpended balance of the fees received under the operation of house bill No. 509, passed by this legislative session, which bill is entitled "For an Act to amend Chapter 174 of the General Laws of Oregon for 1915, and as amended by Chapter 350 of the General Laws of the State of Oregon for 1915; providing for regulating the use, registration, license, identification, conduct and operation of vehicles operated upon the public roads, streets and highways of the state of Oregon; to regulate and license the persons who drive the same; to prescribe penalties for violation hereof and to prohibit the unauthorized possession of use of a vehicle and to provide a penalty therefor; to license and identify all motor vehicles; to limit the authority of cities and towns on like subjects concerned with said vehicles; to prescribe the duties of the secretary of state as to certain provisions of this act; to provide for the handling and distribution of the funds derived from the operation of this act, and to repeal all acts and parts of acts in conflict herewith," remaining after the payment of all claims incurred in carrying out the provisions thereof or estimated by the secretary of state as necessary to defray any further administrative expenses for the balance of any license year, shall be transferred on the 1st day of April and the first day of October in each year by the secretary of state to an account to be expended under the jurisdiction of the state highway commission in payment of the interest and principal on same shall become due upon bonded indebtedness of the state of Oregon, contracted for road purposes under the provisions of this act or the provisions of said house bill No. 31 referred to by title in section 8 of this act. Any remainder of such surplus or unexpended balance so transferred to the jurisdiction of the state highway commission shall be subject to the payment of any other

or lawful claim or claims incurred or contracted by said commission.

Section 13.—The state highway commission is hereby authorized and empowered to enter into contracts for the purpose of constructing the roads provided in this act; provided, however, that all contracts shall be let according to law and in open and public session of said commission; provided further, that if, in the opinion of a majority of the members of said commission, the lowest bid for the construction of any of the roads or parts of roads herein authorized to be constructed, shall be excessive, then and in that event, said commission shall have the right and it is hereby empowered and authorized to reject all bids and to construct under its own direction and supervision, all of such roads or any part thereof, and to this end to accomplish this purpose said commission is authorized and empowered to purchase or lease all necessary machinery, equipment, tools and appliances and to employ all necessary help and labor and to do all things necessary and convenient to carry out the provisions of this act.

Section 14.—This act shall be referred to the people for their ratification or rejection at a special election to be called in the manner provided by law, said election to be held on the 4th day of June, 1917, and shall be in full force and effect as soon as ratified by the people at such election.

Section 15.—On account of the importance of the early decision of this matter and the importance of getting funds for construction of roads, this act is necessary for the peace, health and safety of the people of the state of Oregon, and the special election hereinabove declared should not be delayed beyond the time hereinabove set, and for that reason an emergency is declared to exist, and this act shall be in full force and effect in accordance with the terms and provisions therein set forth, from and after its passage, as regards said special election.

## Her Dreams Came True

Marie Pechur  
Ever since Marie Pechur was 13 years of age she had dreamed she would some day be a great actress. There was, of course, nothing unusual about that, for no fewer than one million other girls have dreamed the same dream. A few weeks ago she got a chance in a small part with a company in New York city, and had just four weeks' experience on the stage when she learned that Leo Kugiel, producer of "Old Lady 51," one of the very successful plays of the season, needed an ingenue. But just as she was about to give up, she saw that other girls also learned that they all appeared before Mr. Kugiel and Miss Emma Dunn, leading woman of the company. Both these experts picked Miss Pechur. After they had decided she should have the part, Miss Dunn was surprised to learn the girl had seen only four weeks' stage experience.

"She's just a natural born actress," was the leading woman's only way to explain the case. "I am so sure she will make a great actress that I have asked Mr. Kugiel to sign her for a long contract, and I shall give my time to train her."

RAN FRANCISCO, March 23.—Count Lya Tolstoy, son of the late Count Leo Tolstoy, is scheduled to be in a tryout in Vanderville here Monday. If he is more successful in this than he was in his attempt to make a speech at Columbia University, he will receive \$1,000 a week for forty weeks on the circuit. He will have a tryout of one week, to see how he "takes" with the Vanderville patrons. The row the count had with Dr. Butler of Columbia over his socialist arguments, which resulted in his being forbidden to appear at Columbia in what got him the Vanderville engagement.

## BE PRETTY! TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, gray or streaked. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Adv.

# TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts in Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate the Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull ache in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists have up their sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is in early trouble.
